

MATERIAL & MAINTENANCE

MATERIAL

GRANITE

Granite is a natural stone formed over millions of years under extreme pressure and heat. The material is known for its exceptional strength, durability, and resistance to both scratches and heat, making it particularly suitable as a tabletop.

Each slab is unique in structure and color variation, as granite is a natural material.

MAINTENANCE

CLEANING

- Granite requires minimal maintenance, but sealing is recommended to enhance resistance to stains. Clean the surface with mild soap and water.

PRESERVE & PROTECT

- Details will be updated shortly.

STORAGE

- Details will be updated shortly.

MATERIAL

WARRANTY

5-YEAR WARRANTY on Ceramic covering structural integrity, and resistance to environmental factors under normal use and maintenance. See HOUE Warranty Terms for further information.
