

MATERIAL & MAINTENANCE

MATERIAL

PINE

HOUE uses FSC®-certified Pine wood sourced from European forest. The Pine wood is pre-oiled to enhance longevity and should be maintained regularly to preserve its rich appearance and durability.

MAINTENANCE

CLEANING

- Wipe Pine wood furniture parts regularly with a damp cloth.
- Use a mild soap solution for deeper cleaning, and dry immediately with a clean, soft cloth.
- Avoid using high-pressure washers, as they may damage the wood surface.

PRESERVE & PROTECT

- Apply HOUE OIL NATURAL or a suitable wood oil/sealer a few times per year to maintain the wood's protective properties.
- If visible signs of weathering appear, lightly sand the surface before reapplying oil.

STORAGE

- To extend the life of your furniture, clean and dry it before storing in a covered, dry location during the off-season or extended periods of non use.
- Ensure the furniture is completely dry before storing to prevent condensation damage.

MATERIAL

WARRANTY

5-YEAR WARRANTY on Pine wood covering structural integrity, and resistance to environmental factors under normal use and maintenance. See HOUE Warranty Terms for further information.
