TREATMENT INSTRUCTIONS

Pugi Fenice Stuoia

A modern wool blend with a warm and soft feel.

75% wool, 25% Polyamide.

Martindale: 100.000

Fire proof: EN 1021 part 1-2

Regular cleaning should be done with a vacuum cleaner on half power, with a smooth upholstery attachment. Do not brush the fabric.

Gabriel Medley

A geometric texture with a lively surface.

100% Polyester

Martindale: 75.000

Fire proof: EN 1021 part 1-2

Regular cleaning should be done with a vacuum cleaner on half power, with a smooth upholstery attachment. A damp cloth may be used to clean the textile.

Removing spots

Start removing spots as soon as possible to get the best result.

Spots from thick liquids or solids should be scraped off with a dull knife or spatula. Dry spots can be vacuumed to remove loose particles. Try this, before any further treatment.

Grease stains should be removed with a suitable stain remover. Test the product on an inconspicuous place first. Always make sure to follow the instructions on the bottle.

Regular spots from non-greasy spots should be dabbed with a cotton rag, only using warm water. Avoid soaking, as it might damage the material under the fabric.

Please avoid using any harsh detergents or solvents when cleaning the product.
